

# Biting My Tongue

The Veronicas

I've been there biting my tongue  
Tryna hold on to what I'm feeling  
'Cause I know that it's safe in my head  
You got my heart beating so loud  
Wanna scream out my lips are silent  
I'm sick of fighting it

I feel the rush rising up to the back of my throat  
I can't hide  
I can't get enough of the way that you're looking at me  
With those eyes

I really wanna say this  
I don't wanna lose this  
Thing that we got  
I'm just telling you how I feel  
'Cause if you walk away and  
I don't get to say it  
I don't know what would I, what would I, what would I do?  
I can't live without you

What would I, what would I, what would I do?  
I can't live without you  
What would I, what would I, what would I do?  
I can't live without you

I swore to myself  
There ain't no doubt  
We're keeping love out  
I wasn't strong enough  
I didn't see it coming at all  
Letting you in  
Under my skin  
Then I give in  
Like fool in love  
But I tried fooling us

Can't lie to myself again  
Can feel that we're more than friends  
But I choke up every time

I really wanna say this  
I don't wanna lose this  
Thing that we got  
I'm just telling you how I feel  
'Cause if you walk away and  
I don't get to say it  
I don't know what would I, what would I, what would I do?  
I can't live without you

What would I, what would I, what would I do?  
I can't live without you  
I don't know what would I, what would I, what would I do?

I really wanna say this  
I don't wanna risk this  
Thing that we got

But if you walk away and  
I don't get to say it  
I don't know what what I would do  
I can't live without you  
I can't live without you  
I can't live without you

I don't know what would I, what would I, what would I do?  
I can't live without you  
I don't know what would I, what would I, what would I do?  
I can't live without you
