

# Cross My Heart

The Veronicas

It's hard to look away from the fire in your eyes  
Don't wanna hear that we are out of time  
Stay here next to me  
I was hurt you brought me back to life

No I don't wanna make it stop,  
No I don't wanna give you up

Cross my heart  
Hope to die  
Swear I'll never tell you a lie  
Trust my words, hear my vow  
Swear I'm never gonna let you down

We got a love that last forever  
We got a love that last forever

Don't wanna hear it when they say we're too young  
or what I need  
Like a secret lock to wait too long  
You have set me free  
I was broken didn't wanna fall in love

No I don't wanna make it stop  
No I don't wanna give you up

Cross my heart  
Hope to die  
Swear I'll never tell you a lie  
Trust my words, hear my vow  
Swear I'm never gonna let you down

We got a love that last forever  
We got a love that last forever

I couldn't stand to see another hand upon you  
Let me hold you for life  
I will always be by your side

Cross my heart  
Hope to die  
Swear I'll never tell you a lie  
Trust my words, hear my vow  
Swear I'm never gonna let you down

We got a love that last forever  
We got a love that last forever
