

# GODZILLA

## The Veronicas

You had me, you lost me  
You won me, you cost me  
We're on and off but mostly on  
And even when we're off we're a mess  
You made me your savior  
But who's gonna save me from ya  
You used to get under my skin  
But now you only get under my dress

It's like I'm Godzilla  
I love you, I'll kill ya  
It's like I'm Godzilla  
I love you, I'll kill ya  
I'm your Godzilla  
Running circles in your cage  
You control me like a slave  
I'm the one you love to hate  
Hate, hate, g-g-good God

I sleep with the enemy  
And you cheat to get even with me  
But we don't have a future  
If you always dig around in the past  
I hate that I need you  
I wish I could leave you now  
And I don't need your reminders  
If I'm going down I'll kick my own ass

It's like I'm Godzilla  
I love you, I'll kill ya  
It's like I'm Godzilla  
I love you, I'll kill ya  
I'm your Godzilla  
Running circles in your cage  
You control me like a slave  
I'm the one you love to hate  
Hate, hate, g-g-good God  
G-g-good God  
G-g-good God

Running circles in your cage  
You control me like a slave  
I'm the one you love to hate  
Hate, hate

It's like I'm your Godzilla  
I love you, I'll kill ya  
It's like I'm your Godzilla  
I love you, I'll kill ya  
I'm your Godzilla  
I love you, I'll kill ya  
Your Godzilla  
I love you, I'll kill ya  
G-g-good God
