

Human

The Veronicas

I'm only human, I'm only human
I fuck it up sometimes
Yeah I'm only human behind the music
Sometimes I lose my mind
I wanna scream at the top of my lungs
Anything just to feel alive
I'm only human, I'm only human, I'm only human

Do you know who you are
The image of a God
To busy selling ourselves
When we're already stars
Do you know your power
Come and meet yourself
Divinely created
But we all hate ourselves

Trying to make a connection
Those unconditional
Why's it so impossible

I'm only human, I'm only human
I fuck it up sometimes
Yeah I'm only human behind the music
Sometimes I lose my mind
I wanna scream at the top of my lungs
Anything just to feel alive
I'm only human, I'm only human, I'm only human

Gotta keep this lesson
In the fifth dimension
Queue the low vibrations
Gotta let the love in

Trying to make a connection
Those unconditional
Why's it so impossible
(Impossible)

I'm only human, I'm only human
I fuck it up sometimes (I mess it up sometimes)
Yeah I'm only human behind the music
Sometimes I lose my mind (Sometimes I lose my mind)
I wanna scream at the top of my lungs
Anything just to feel alive (Alive)
I'm only human, I'm only human, I'm only human

Human, human
I'm only human
Human, human
I'm only human
I wanna scream at the top of my lungs
Anything just to feel alive
I'm only human, I'm only human, I'm only human

Just feel alive
(I'm only human)

Trying to make a connection
Why's it so impossible

I'm only human, I'm only human
I fuck it up sometimes (I mess it up sometimes)
Yeah I'm only human behind the music
Sometimes I lose my mind (Sometimes I lose my mind)
I wanna scream at the top of my lungs
Anything just to feel alive (Alive)
I'm only human, I'm only human, I'm only human

I'm only human, I'm only human
I fuck it up sometimes (Yeah)
Yeah I'm only human behind the music
Sometimes I lose my mind (Sometimes I lose my mind)
I wanna scream at the top of my lungs
Anything just to feel alive (Alive)
I'm only human, I'm only human, I'm only human
