

Spirits And Sin

The Veronicas

I feel the walls caving in
I feel my future growing thin
See you now
Where you've been
While the clocks been ticking

I feel the moon
Pulling me in
I feel the spirits
And the sin
You sold me out but I crawled back in
Yeah my heart's still ticking

I can't control what you do to me
But I control what I do to you
You wanna mess with spirits and sin
Go on, try it, I will win
You don't know what you do to me
But I know what I do to you
I see the future, come on in
You wanna play me
I will win

I'm moving slowly with the wind
I feel the power of my skin
Make you want me
Make you swim
While I watch you sinking

I see the lights growing dim
I see you drowning once again
Your talk is big but the truth is slim
Yeah you're quickly sinking

I can't control what you do to me
But I control what I do to you
You wanna mess with spirits and sin
Go on, try it, I will win
You don't know what you do to me
But I know what I do to you
I see the future, come on in
You wanna play me
I will win

Bless your soul, bless your soul, bless your soul
'Cause now he knows, now he knows how it goes, how it goes
When you put your sticky fingers where they don't belong
Bless your soul, bless your soul, bless your soul
'Cause now he knows, now he knows how it goes, how it goes
When you put your sticky fingers where they don't belong

I can't control what you do to me
But I control what I do to you
You wanna mess with spirits and sin
Go on, try it, I will win
You don't know what you do to me
But I know what I do to you

I see the future, come on in
You wanna play me
I will win
I will win

You wanna mess with spirits and sin
Go on, try it, I will win
I will win

You wanna mess with spirits and sin
