

# This Is How It Feels

The Veronicas

You keep calling my phone non-stop  
Don't you know I won't pick it up  
You never leave a message  
Look how you've changed

You got nothing to say, gettin' in the way  
Show up at my house  
Your gettin' so obsessive  
Like I have time for you

Wasn't it me you didn't want?  
Wasn't it me who was hanging on?  
Now I'm done but before I go I want you to know ...

This is how it feels  
When you wait for a call that never comes  
Are you waking up 'cause you miss someone?  
This is how it feels  
When the trust you had is broken,  
And your left to burn with your heart wide open

Oh Oh

You wanted me, not to tell me why  
Why and how you had the heart to f\*\*k up my whole life  
That's just so you

And now I've moved on by myself  
And maybe I won't forgive  
I'll just forget you lived  
And I hope it hurts

Wasn't it me you tried to blame?  
Wasn't it me you threw away?  
But before you go there's something you should know ...

This is how it feels  
When you wait for a call that never comes  
Are you waking up 'cause you miss someone?  
This is how it feels (oh oh)  
When the trust you had is broken,  
And your left to burn with your heart wide open

You taught me how to hate you  
And I was so in love  
When I tried to save us it was not enough  
So what the hell is different  
'cause now that I am gone  
You're crawling back to tell me  
I'm the one

Oh Oh

This is how it feels

Oh Oh

This is how it feels

When you wait for a call that never comes

Are you waking up 'cause you miss someone?  
This is how it feels (oh oh oh, oh oh oh)  
When the trust you had is broken,  
And your left to burn with your heart wide open

Do you only want me  
'cause you can't have me?  
Do you only want me  
'cause I'm gone?  
Do you only want me  
'cause you can't have me?  
Do you only want me  
'cause I'm gone?  
Do you only want me  
'cause you can't have me?  
Do you only want me  
'cause I'm gone?  
Do you only want me  
'cause you can't have me?  
Do you only want me  
'cause I'm gone?

Oh Oh
