Only One of You

The Verve Pipe

You got the news from Father and Mother
They're bringing you a new sister or brother
And it's got you blue
Well, no thank you

They sat you down but they didn't mention
How this one might be taking all the attention
And it's got you blue
What's a kid to do?

Well, I'm here to explain
There's no need to worry
They love you the same
They're just in a hurry
Doing all of the things

That they did for you
When you were a baby
Early to rise
And back again safety

'Cause in your heart of hearts
You were number one from the start
And in all of the world there is only one of you

(Only one of you) From your head to your toes
(Only one of you) Who has your eyes and your nose
And laughs and sings like you do

(Only one of you) The way you look in their eyes
(Only one of you) The way you kiss them good night
That's why in their heart of hearts
You were number one from the start
'Cause in all of the world there is only one of you

'Cause in their heart of hearts
You were number one from the start
And in all of the world
All of the world
All of the world there is only one for you
