

# Only One of You

The Verve Pipe

You got the news from Father and Mother  
They're bringing you a new sister or brother  
And it's got you blue  
Well, no thank you

They sat you down but they didn't mention  
How this one might be taking all the attention  
And it's got you blue  
What's a kid to do?

Well, I'm here to explain  
There's no need to worry  
They love you the same  
They're just in a hurry  
Doing all of the things

That they did for you  
When you were a baby  
Early to rise  
And back again safety

'Cause in your heart of hearts  
You were number one from the start  
And in all of the world there is only one of you

(Only one of you) From your head to your toes  
(Only one of you) Who has your eyes and your nose  
And laughs and sings like you do

(Only one of you) The way you look in their eyes  
(Only one of you) The way you kiss them good night  
That's why in their heart of hearts  
You were number one from the start  
'Cause in all of the world there is only one of you

'Cause in their heart of hearts  
You were number one from the start  
And in all of the world  
All of the world  
All of the world there is only one for you
