## The Verve Pipe

Time killer  
Who am I  
Your time killer  
Just a lark, a passerby  
Your time killer

Shape shifter  
You are my  
Shape shifter  
And I don't care if it's a lie  
Shape shifter

'Cause in the moment I forget  
I'm always losing at roulette  
I know the game  
I know the price  
I know the shame  
And yet

Fire breather  
One more time  
Fire breather  
Let me feel your burn tonight  
Fire breather

If there's a chance  
To start anew  
I'd bet it all  
To be with you  
And you never know  
Until you've learned  
That never is a heavy word

Storm chasers  
You and I  
Are storm chasers  
Lightning strikes  
And we're alive  
Storm chasers

'Cause in the moment we forget  
We're always losing at roulette  
We know the game  
We know the price  
We know the shame  
And yet
