

## But I Do

The Vibrators

I feel so cold, but the sun shines  
I read your letter and I read right between the lines  
it said "Oh my darling I love, but I do"  
Little darling, oh don't you know  
I love you and it's gonna show  
Oh my darling I do, but I do!

Saturday and I'm all on my own  
Saturday night I wish I was home  
Holding you so tight TONIGHT!

Saturday night and I'm all on my own  
Saturday night I wish I was home  
I was home with you, I do!

I feel so cold, well the sun shines  
[?] right between the lines  
It said oh little darling I do, but I do

Little darling, I love you so  
My love is true, well, oh don't you know  
Little Darling I'm [?] on you, but I do
