

Arctic Sun

The View

Known by everyone
Love like a gun
Especially a warm one
Transcend the truth
Bring down the roof
And make it look trendy
A love from the heart
That did stop and start
Life pulls us together
Then tears us apart

Let's think of the good times
Of which there were plenty

The party was always rented
That's why we always had fun
Staring at the arctic
Staring at the arctic sun
Staring at the arctic sun

Oh, one of these guys
It feels like a prize
When you come out
And clean the room of doom and gloom
As soon as you enter
No medals here
Except for the fear
Some friends are good
And far less are dear

Let's think of the good times
Of which there were plenty

The party was always rented
That's why we always had fun
Staring at the arctic
Staring at the arctic sun
Staring at the arctic sun

A scheme of broken hearts
A scheme of broken dreams
It's hard to come together
When you're torn at the seams
We don't do what we're told
Or what we're supposed to do
See you on the other side
Can't wait to talk to you

A scheme of broken hearts
A scheme of broken dreams
I hard to come together
When you're torn at the seams
We don't do what we're told
Or what we're supposed to do
See you on the other side
Can't wait to talk to you

The party was always rented
That's why we always had fun
Walking out the darkness
The easy bit's the hardest

Staring at the arctic
Staring at the arctic sun
Staring at the arctic sun
Staring at the arctic sun
Staring at the arctic sun
Staring at the arctic sun
