

# Tangled

## The View

Where is the light, where is your god?  
What was last night, were you the princess or the frog?  
So sorry for swear words, your excellency  
I wouldn't dare to scream, when you're attacking me

I was tangled up in feelings  
I couldn't find the words to say  
Then I realised I was dreaming  
And all the pain, it went away  
I only hear my name  
Now, you're a widow to the game  
If I knew that you were breaking  
I'd rethink my yesterday

Clever or bold, well you tell me  
I wouldn't question the lord  
He has no hold on me  
This old routine in life seems to bring us down  
So c'mon, you be the lion and I will be the clown

I was tangled up in feelings  
I couldn't find the words to say  
Then I realised I was dreaming  
And all the pain, it went away  
I only hear my name  
Now, you're a widow to the game  
If I knew that you were breaking  
I'd rethink my yesterday

I'm not saying everything's over  
I'm still looking over my shoulder  
Catch up  
When you're a bit older

I'm not saying everything's over  
I'm still looking over my shoulder  
Catch up  
When you're a bit older

I'm not saying everything's over  
I'm still looking over my shoulder  
Catch up  
When you're a bit older

Catch up when you're a bit older

I was tangled up in feelings  
I couldn't find the words to say  
Then I realised I was dreaming  
The only pain, it went away

I only hear my name  
Now, you're a widow to the game  
If I knew that you were breaking  
I'd rethink my yesterday

I'm not saying everything's over

I'm still looking over my shoulder  
Catch up when you're a bit older  
(I'd rethink my yesterday)

I'm not saying everything's over  
I'm still looking over my shoulder  
(I'd rethink my yesterday)  
Catch up when you're a bit older
