

# Woman Of The Year

The View

You don't need to worry about me  
I know this isn't a chapter from your dreams  
This is my way of saying sorry  
But will you still love me when I'm clean?

All of my friends they will not change  
Still holding on to better days  
No fake tears when you pretend to cry

It's only when I wake up  
It's only when I stay in bed  
The reasons are endless  
Why you should run away instead  
It's only when I close my eyes  
And listen to the words you say  
The reasons are endless  
You say the words I wanna hear  
Yeah, you're the woman of the year

And will I have to worry about you?  
I know you're attracting more than me  
You know that it's not me talking  
Couple of drinks and the paranoia's

Here with my friends, I won't let go  
I'm done with the drugs 'cause it wrecks my bones  
Seemingly sound, but the bastard's still on show

It's only when I wake up  
It's only when I stay in bed  
The reasons are endless  
Why you should run away instead  
It's only when I close my eyes  
And listen to the words you say  
The reasons are endless  
You say the words I wanna hear  
Yeah, you're the woman of the year

Lady of the weekend, female of the minute  
You gave me a shot and I didn't regret it  
Goddess of the weekend, madame of the hour  
I don't need anybody, she's my higher power

It's only when I wake up  
It's only when I stay in bed  
The reasons are endless  
Why you should run away instead  
It's only when I close my eyes  
And listen to the words you say  
The reasons are endless  
You say the words I wanna hear  
You make my problems disappear  
You say the words I wanna hear  
You're the woman of the year
