

## Emerald Ivy

The Vines

Emerald Ivy on my brain  
Give me joy, don't bring me pain  
Sing another lullaby  
Careless as a butterfly

Try do it right  
Do it  
Try do it right  
Try do it right  
Do it  
Try do it right

Emerald Ivy oh my day  
Feeling oh so far away  
Sing of love and wonder why  
Take us on another ride  
Where it's going I don't know  
Maybe crystal river flow  
If you wanna take with me  
Fade into eternity

Try do it right  
Do it  
Try do it right  
Try do it right (come on now)  
Do it  
Try do it right (come on now)  
(Come on now)  
Right  
(Come on now)  
Ahhhhh
