

# Hell

## The Vintage Caravan

Lost days and wasted nights  
Eyes open wide  
Looking straight into the light  
Can't tell wrong from right

Id go through hell for what I love  
I go through hell for you  
Still shining bright from above  
Our journey is far from through

I can't keep on like this but I really don't want to go  
Forever waiting but got nothing for it to show

Recurring dreams of you  
Take me to our past  
All those things we thought we knew  
Silence now at last

I'd go through hell for what I love  
I go through hell for you  
It's you and me when push comes to shove  
No matter what we do
