

## Philosopher

The Vintage Caravan

Let me breathe  
Let me bathe in your sound  
Let me speak  
Your words surround me

No more wasting time  
Answers underlined  
Now you're in your prime  
With so much to realise

Can you help me understand  
What we are  
So that we may see what lies ahead

Let me see  
Let me bask in your greatness  
Let me feel  
Who holds the power

Truly mesmerized  
By the perfect skies  
So hypnotized by what it is to be

Can you help me understand  
What we are  
So that we may see what lies ahead
