ME

The Violent

Want to see me at my best
Tell me that I
Can never do it cause I face [?]
Cause I know my limits and know [?]
Cause I stay by myself so I don't get tunnel-vision

All you people making judgments here
Can't even look at yourself in the mirror
And when you put yourself back up on the shelf
I'll be moving up because I did it for myself, yeah

I believe in me, when no one else does
I believe in me, when there's no love
I believe in me, like no one else does
I believe in me, when there's no love

At a young age, I learned to keep my feet on the ground
Raised by my mother with my father not around, yeah
Always taught to look out for myself
And never be afraid of just investing in myself, so

All you people making judgments here
Can't even look at yourself in the mirror
You're all trying to be someone else
But I'll be looking up
Just working on myself, yeah

I believe in me, when no one else does
I believe in me, when there's no love (look at yourself now, don't le
t yourself down)
I believe in me, like no one else does
I believe in me, when there's no love (look at yourself now, don't le
t yourself down)

All you people making judgements here
Can't even look at yourself in the mirror
You're all trying to be someone else but
Look at yourself now, don't let yourself down

Insecurity, a form of fear
Pay no mind to the hate that you hear
Love yourself and pay your respect to
Look at yourself now, don't let yourself down

I believe in me, when no one else does
I believe in me, when there's no love
I believe in me, like no one else does
I believe in me, when there's no love

I believe in me, when there's no love
