

Lest We Forget

The Walkabouts

Your lazy body
Lyin' in the snow
A sparkle in the trees

Oh, busy body
Let's take it back upstairs
To a room that disappears

Intoxicatin'
The glint, the gleam
Headlights through the window
Shadowin' the dream

Lest we forget
Where these shadows met
Lest we forget
Where these shadows met

Greedy angel
Reflectin' green n' red
Hovers on the sill
Steals sheets off the bed

Intoxicatin'
Stumble back downstairs
Stretch for the sparkle
Fallin', from your hair

Lest we forget
Where these shadows met
Lest we forget
Where these shadows met

Run for your life
Run baby run
