

Burn Our Bridges

The Walker Brothers

I can tell by the look in your eyes
You've been hurt by so many lies
Leave behind the memories
Concentrate on just you and me
Put aside the hurt and pain
We'll make sure
It doesn't happen again

We'll burn our bridges behind us
Burn 'em right down to the ground
Burn our bridges behind us
And love's gonna keep us safe and sound

Come to me and when you do
Open arms are waitin' for you
Both of us have paid our dues
But this time we've got something new
We've got love and life awaits
You'd better forget about yesterday
