

## Child of Flames

The Walker Brothers

You can't reveal  
The future fades  
The terror's near  
The granite blades  
Something wakes  
Moves and shifts  
The contacts made  
The shot that lifts

How long  
Can you survive  
With a child of flames?  
How long  
Can you survive  
With a child of flames?

Through each time  
The thing still moves  
The golden axe  
The pounding hooves  
You hear the sound  
The naked shakes  
Start to count  
The balance breaks

How long  
Can you survive  
With a child of flames?  
How long  
Can you survive  
With a child of flames?
