

## Hard to Be Friends

The Walker Brothers

Cause it's so hard to be friends  
When it was so easy to be lovers  
Holdin' on, holdin' on to each other  
It's so hard to be free  
When it was so easy to be sheltered  
Smothered by the promises  
Someone said would keep the fire  
Fill the cup and keep from deceivin'  
Know so well never tell

So hard to step forward  
So easy to turn inward  
Too soon to be ended  
Too late, too late to be mended

So hard to step forward  
So easy to turn inward  
Too soon to be ended  
Too late, too late to be mended

Cause it's so hard to be friends  
When it was so easy to be lovers
