

It Makes No Difference Now

The Walker Brothers

It makes no difference now
You're gone and life goes on
Although it makes no difference now
I never thought our love could have an ending

It makes no difference now
The crazy little world we knew
Has tumbled into tears

The crowd will see me smile
But I'm pretending
You love me
Although I know you're never thinking of me

I try to fool my heart
And say that you'll come back to me
And tell me that you're mine
But while I try to fool my heart
I fool myself somehow
You're gone
And it makes no difference now

The crowd will see me smile
But I'm pretending
You love me
Although I know you're never thinking of me

I try to fool my heart
And say that you'll come back to me
And tell me that you're mine
But while I try to fool my heart
I fool myself somehow
You're gone
And it makes no difference
Now
