

## Breakdown

The Walters

Lately I'm feeling overwhelmed in my own skin  
Can't even comprehend the places to begin

Drivin' 'cross the county  
Got a target on my back  
Didn't lose the plot yet  
But I know I'm off the track

Is it too late to tell you that I've spread myself so thin  
Now I've just got nothing left to give

Lately I'm overwhelmed  
With all the sights and all the sounds  
It's 2pm but can we close the curtains?  
I think I've had enough  
One problem down and another comes up  
Can't help but feeling like I'm moving backwards

Headin' for a breakdown and I don't mean in my car  
Need a long vacation but I doubt I'll get that far  
It's too late now to tell you that I've spread myself so thin  
At your expense I've nothing left to give

We could've been something  
Most likely nothing at all  
Do you remember what you said?  
(You said that)  
They've got one waiting  
I'm always so impatient  
You got your work cut out ahead

Heading for the country and I won't be looking back  
Til I hit Montana and I've spent all of my cash  
Little bit late for sorry now I've broken all my things  
At your expense I've nothing left to bring
