

forever on my mind

The Walters

Summer went by way too fast
It feels so wrong, to see you go
They say that good things never last
Let's play the odds, give us a shot

Tonight
I don't wanna say goodbye
'Cause I miss you all the time
Always
Forever on my mind
Even as the years go by
I'll be looking for a sign
Always
Forever on my mind

Dammit I miss you
Do you miss me too
Or are you falling out of love?
I'm all gas and no brakes
Do whatever it takes just to get to you
Maybe it's true good things don't last
So what if they're right?
We're still worth a fight

Tonight
I don't wanna say goodbye
'Cause I miss you all the time
Always
Forever on my mind
Even as the years go by
I'll be looking for a sign
Always
Forever on my mind

Summer went by way too fast
I still think of us
Always
Forever on my mind
