

## Love In June

The Wannadies

Hey - Hello May  
Love in June  
Stay forever  
Yeah, yellow hair  
I love you  
My summer girl

I've been sleeping, wasting time  
And making lots of plans  
I was dreaming you were mine  
I fumbled and we fell...in love  
She was an angel from above  
So unaffected and so free

Hey - Hello May  
Love in June  
Stay forever  
Yeah, yellow hair  
I love you  
My summer girl

Always staying with the sun,  
And keep the cold away  
Like a glass of heated rum  
It's Sunday every day - oh yeah  
But it's written in the sand  
Wherever summer goes I land

Hey - Hello May  
Love in June  
Stay forever  
Yeah, yellow hair  
I love you  
My summer girl (x4)

Hey ooh ooh ooh  
Hey ooh ooh ooh  
Yeah ooh ooh ooh

My summer girl
