

Together

The Wannadies

One of these nights...
I was lost and lonely
One of these nights,
When big mouth rules
Don't tell me I'm wrong,
Tell me I'm the only one
Don't tell me I'm wrong

Together for the very first time
Noone knows the reason why

Encouraged by the man
I went out looking for a one night stand
A six-pack for me, and one for you
I guess I felt lucky
Don't tell me I'm wrong,
Tell me I'm the only one
Don't tell me I'm wrong
