

Colours

The Wanted

In your eyes
I see kaleidoscopes and butterflies
Through the lightning
I feel emotions I don't recognise

You make my darkness bright, feel the spark ignite
And it's something beautiful
When I see you shine, it's like heaven's mine
And it feels so magical

Throw your colours in the sky, they move like waterfalls of light, we let it
flow
I see your colours in the sky, open your mind up, let your paradise explode
Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh
Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh

Then you say
Illuminate your love and sail away
Yeah
See those places
We only dreamed about as remedies
Ay-ay

In the darkest night, I feel the appetite
To release your heart and soul
When I see you shine, it's like heaven's mine
And it feels so magical

Throw your colours in the sky, they move like waterfalls of light, we let it
flow
I see your colours in the sky, open your mind up, let your paradise explode
Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh
Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh

And we'll dance in the colours together
Yeah, we'll dance through the colours forever
And we'll dance in the colours together
Yeah, we'll dance through the colours forever

Throw your colours in the sky, they move like waterfalls of light, we let it
flow
I see your colours in the sky, open your mind up, let your paradise explode
Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh
Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh

Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh
Let your colours show
Oh-oh-oh oh oh, way-oh-oh-oh oh oh way-oh
