

# Turn It Off

The Wanted

Turn it off  
Stop, look, listen what I'm saying!  
Don't push, haven't got to chase it  
Just me, I don't have to fake it  
Never gonna change it, I don't have to fake it!

Back off, back off, you won't get very far  
Back off, back off I think you think you're a star  
Back off, back off, I don't know who you are  
I think you think you're a star, you're a star!

There's something bad in you  
Makes me wanna scream  
I'd like it out of my mind so,  
I can't hear a thing  
I'm about to tell you what I mean  
Turn it off, off, I turn it off!

Fast cars, smooth talk,  
Flash watch - turn it off!  
Fake hair, fake tan,  
Lip gloss - turn it off!  
Hot shot, who cares  
Cause I just don't give a damn  
Turn it off, off!  
I turn it off!

Time moves, seems like nothing's changing  
VIP isn't that amazing  
So seen, but it doesn't faze me  
Never gonna change me, no it doesn't faze me

Back off, back off, you won't get very far  
Back off, back off I think you think you're a star  
Back off, back off, I don't know who you are  
I think you think you're a star, you're a star!

There's something bad in you  
Makes me wanna scream  
I'd like it out of my mind so

Never gonna change me,  
No it doesn't faze me!  
Turn me off!  
Never gonna change me,

No it doesn't faze me!  
Turn me off!
