

Down To The River

The War And Treaty

Come with me down to the river (Woah, woah)
Let me drown away all your sin (Woah, woah)
Come with me down to the river (Yeah)
Let the Holy Spirit in

Drink just a little bit more (Woah)
Baptize you like the Lord (Woah)
You don't even know how to cleanse your soul
Baby, let me show you the fire down below
Hey
Hey

Come with me down to the river (Woah, woah)
Baby, let's take a little swim, yeah (Woah, woah)
Come with me down to the river (Woah, woah)
The water's fine, jump on in

Dip just a little bit more (Woah)
Baptize you like the Lord (Woah)
You don't even know how to cleanse your soul
Baby, let me show you the fire down below
Hey
Hey
Take it all in

Take me to the water, yeah
(Take me to the water)
Take me to the water
(Mmm, take me to the water)
Take me to the water
(Take me to the water)
Uh, uh, uh, take me on down to the river (Oh)

Let's go, take me down, take me down, take me down to the river
Let's go, take me down, take me down, take me down to the river
, hey
Let's go, take me down, take me down, take me down to the river
Let's go, take me down, take me down, take me down
Take me down
Take me down
Oh, take me down
Yeah, yeah, yeah, yeah (Down)
