

Jeep Cherokee Laredo

The War And Treaty

Whoa, let's ride this thing out

I guess I put my foot right in my mouth
Whoa, whoa, hey oh
Got to be quiet but I had to shout
Whoa, whoa, hey oh
I hear you at my door tryin' to listen
Whoa, whoa, hey oh
You keep on thinkin' it was your 'magination
Whoa, whoa, hey oh

Ain't none of your business what we doin'
Ain't none of your business what we doin'
Ain't none of your business what we doin'
In the back of our J-E-E-P Cherokee Laredo

You keep on peekin' through the foggy window
Whoa, whoa, hey oh
Please disregard our sly innuendoes
Whoa, whoa, hey oh

Ain't none of your business what we doin'
Ain't none of your business what we doin'
Ain't none of your business what we doin'
In the back of our J-E-E-P Cherokee Laredo

Ain't none of your business
Ain't none of your business
What we doin'
What we doin'
Ain't none of your business
Ain't none of your business
What we doin'
What we doin'
Ain't none of your business
Ain't none of your business
What we doin'
What we doin'
Ain't none of your business
Ain't none of your business
What we doin'
Ain't none of your business
What we doin'
What we doin'
Ain't none of your business
Ain't none of your business
What we doin'
What we doin'
Ain't none of your business what we doin'
In the back of our J-E-E-P Cherokee Laredo
