

Lover's Game

The War And Treaty

Well, you got me right where you wanted me to be
Stuck in the middle of a hard place in Tennessee
Going 'round town tryna find out who knows your name

Margarita, hot chicken, strawberry wine
Looking for your lovin' to be mine, all mine
Ooh...
It's a shame
Playin' this lover's game

If a fire is what I was looking for to get me going
You lit it up, lit up, 'cause your burn definitely left me smok
in'
Little Houdini, gone without a single trace

Margarita, hot chicken, strawberry wine
Looking for your lovin' to be mine, all mine
Ooh...
It's a shame
Playin' this lover's game

Sound the alarm
Get the Calvary
I let someone get the best me

Margarita, hot chicken, strawberry wine
I'm looking for your lovin' to be mine, all mine
Ooh...
It's a shame
Playin' this lover's game

It's a shame
Playin' this lovers game

I got your number, baby
