

## The Best That I Have

### The War And Treaty

Instead of being alone on the weekend  
How about late Saturday evening  
Let me scoop you up in my two door  
And we can cruise, painting Nashville  
Don't you worry, I'm footing the bill  
Baby, it's you I'm ready to explore

So, I'm giving you the best that I have  
Hoping I can make you laugh  
Even if it's just one night  
Baby, let's make it, make it  
Make the best of our time

I know you're tempted to stay in the house  
And eat your ice cream and lay on the couch  
Watching reruns of The Golden Girls  
Well, baby, if that's what you're doing  
How about I come through and  
Bring the six pack and join your chilled out world

So, I'm giving you the best that I have  
Hoping I can make you laugh  
Even if it's just one night  
Baby, let's make it, make it  
Make the best of our time

So, I'm giving you the best that I have  
Hoping I can make you laugh  
Even if it's just one night  
Baby, let's make it, make it  
Make the best of our-  
Giving you the best that I have  
Hoping I can make you laugh  
Even if it's just one night  
Baby, let's make it, make it  
Make the best of our time
