

I looked at you, same as before  
What had changed, I do not know  
But the thought of you replayed in secret  
It hurt me, but I asked for more  
Falling down your rabbit hole  
I kept on biting back what I was feeling

I close my eyes and you are there  
Innocently unaware  
Stop me, stop me  
Tell me, tell me  
Break my heart for all I care  
As long as I get to be there  
Stop me, stop me  
Tell me

Is it wrong? (Wrong)  
Is it wrong? Is it wrong?  
It kills me when you're gone (Gone)  
Is it wrong? Is it wrong?

Fast forward to twenty-three  
We're barely old enough to drink  
The bittersweet return of all these feelings  
Sudden glances leave their wake  
I cannot breathe under the weight  
If you look hard enough, I fear you'll see it

The world around you cancels out  
Three words that I can't say out loud  
Stop me, stop me  
Feel me, heal me  
Your eyes meet mine and I implode  
I guess I'll love you on my own  
Stop me, stop me  
Tell me

Is it wrong? (Wrong)  
Is it wrong? Is it wrong?  
It kills me when you're gone (Gone)  
Is it wrong? Is it wrong?

Cross my heart and hope to die  
Can't you see that I want you  
So bad that I can barely breathe?  
Can't you see that you're killing me too slowly?  
But I can't seem to let you go  
Every word you say, it's like it's poetry  
A work of art that's not for me at all  
Whoa

Hate that I still feel this way  
Consciously keep choosing pain  
Stop me, stop me  
Stop me

Is it wrong? (Wrong)

Is it wrong? Is it wrong?  
Is it wrong?

Wrong
