## The Warning

I've already collapsed  
So I'll just drown my sorrows in a nonexistent world  
I don't know what is worse  
The utter waste of time or the eroding of my mind  
Alive means to be dead  
A bullet to the head

The guilt faded away  
The anger has subsided, yet its shadow still remains  
I always gave too much  
It was never enough

Get dressed in black and mourn again  
Fake funerals for all my friends  
'Cause I can't let it go  
No, I won't let it go

It's killing me again  
I replay it in my head when I'm alone  
I hope that you're alone now  
It's not me, it's you  
The one who never got a clue  
Drown in your guilt  
If karma doesn't hit you, then I will

You ask me how I've been  
I paint a smile over my face and act like nothing's wrong  
Your pity party's fake  
And now I am reminded why I should've kept away  
I hope to God you know  
This smile is just for show

Get dressed in black and mourn again  
Fake funerals for all my friends  
'Cause I can't let it go  
No, I won't let it go

It's killing me again  
I replay it in my head when I'm alone  
I hope that you're alone now  
It's not me, it's you  
The one who never got a clue  
Drown in your guilt  
If karma doesn't hit you, then I will

Mayday, mayday, this ship is going down  
Lost inside my thoughts again  
Living hollow to pretend  
Mayday, mayday, this ship is going down  
Bury the truth of the lie you created  
Bury yourself and remember me when you're alone  
Mayday, mayday, this ship is going down

It's killing me again  
I replay it in my head when I'm alone  
I hope that you're alone now  
It's not me, it's you

The one who never got a clue  
Drown in your guilt  
If karma doesn't hit you, then I will
