## The Warning

I-I-I wear my skin like the burden it is  
Knowingly thoughtless, I do it regardless  
It-it-it's your machine, I'm the one running it  
Go through the motions, consume all devotion

You greedy little fucker  
You sink your teeth in, bleed me out, look for another  
Dressed up for slaughter, but you keep it undercover  
Lips painted and parted, alone and unguarded

Greedy little fucker  
Sink my teeth in, bleed you out, look for another  
Dressed up for slaughter, but I keep it undercover  
Lips painted and parted, alone and unguarded  
I willingly participate, I crack a smile and close my eyes and disassociate  
Blaming the problem, but I know I'm still a part of it  
I hate that I'm part of it, hate that I'm part of it

Watch me, judge me  
Pull the strings like you do

Make me be perfect for you

Watch me, judge me  
Pull the strings like you do  
Love me, hate me  
Am I worth it to you?  
Shovel it down my throat, wash it down with remorse  
Keep me fed  
Make me be perfect for you

Make me be perfect for you  
Make me be perfect for you
