

Exterminated

The Warning

Everything is gray
All around me is decayed
Darkness invades me again
The blood is boiling in my veins
Anger is showing through my face
Clouding up my mind
This destruction brings me pain
There is no other way
I need to have my revenge

Another war's beginning
More blood is spilling
Another soul's been taken away
Another storm is growing
More wind is blowing
A hurricane that won't go away
'Til it's all exterminated
Hey

There is no escape
From these visions in my head
It feels like I've been in hell
I won't rest until it's over
Must put an end to this disorder
I want the light back in my life
We were supposed to help each other
But instead, I just wondered
When will I have my revenge?

Another war's beginning
More blood is spilling
Another soul's been taken away
Another storm is growing
More wind is blowing
A hurricane that won't go away
'Til it's all exterminated
Hey

Another war's beginning
More blood is spilling
Another soul's been taken away
Another storm is growing
More wind is blowing
A hurricane that won't go away
'Til it's all exterminated
Hey
'Til it's all exterminated
Hey
