

Hunter

The Warning

I'm one step behind when you close your eyes
I'm breathing on your neck, I'm the chill down your spine
Your shadow, your ghost I'm here to collect
The payment that you're running from, the lives that you've spent
You taunt me with words that don't make a sound
You mock with your actions, you laugh with no doubt
You relish the pain, well, cherish it more
'Cause after this, there'll be nothing to feel anymore

Fall onto me now
Your time is running out
Fall onto me now
Your time is running out

When both of your feet fall under
Steps you couldn't climb
I'll be there to pull you under
Take back what is mine
You think you can take my title away
Well, I'm coming back, better run away
It's my turn, I'll pass on judgment
You can't escape your fate
Run

I'm right at your door and I'm counting to three
Don't need no permission to take you with me
You went through hell, you'll go through it again
It's not a question of why, it's a question of when

Fall onto me now
Your time is running out
Fall onto me now
Your time is running out

When both of your feet fall under
Steps you couldn't climb
I'll be there to pull you under
Take back what is mine
You think you can take my title away
Well, I'm coming back, better run away
It's my turn, I'll pass on judgment
You can't escape your fate
Run

I'm coming back, there's no escape
I'm coming back, there's no escape
I'm coming back, there's no escape
I'm coming back, there's no escape

When both of your feet fall under
Steps you couldn't climb
I'll be there to pull you under
Take back what is mine
You think you can take my title away
Well, I'm coming back, better run away
It's my turn, I'll pass on judgment
You can't escape your fate

Run
Run, run
