

River's Soul

The Warning

Drown yourself in the river
Bring along the other sinners
Burn down with the flame

When I look back in my life
I regret the mistakes I made
Now I don't know what I'll find
In my search for a new way of life

There must be someone out there
Who understands the way I feel
I cannot be alone in this
Oh-oh-oh-oh-oh

Drown yourself in the river
Bring along the other sinners
Burn down with the flame
Let the waves take control
Don't be afraid of what's to come
Just go with the flow
Of the river's soul

I am hearing my inner voice
Round and round in my mind, it goes
It's telling me to forgive myself
For the moments wasted and spent

Now I have learned from my painful past
Not to worry about my messed-up mind
All the lies I'll leave behind
Oh-oh-oh-oh-oh

Drown yourself in the river
Bring along the other sinners
Burn down with the flame
Let the waves take control
Don't be afraid of what's to come
Just go with the flow

I can't see the light in your eyes
Since your lies took over your mind
I know you're confused
But your ways never worked for us
So now you must choose
To win or lose

(I can't see the light in your eyes) Drown yourself in the river
(Since your lies took over your mind)
(I know you're confused) Bring along the other sinners
(But your ways never worked for us)
(So now you must choose) Burn down with the flame
(To win or lose)
(I can't see the light in your eyes) Let the waves take control
(Since your lies took over your mind)
(I know you're confused) Don't be afraid of what's to come
(But your ways never worked for us)
(So now you must choose) Just go with the flow

(To win or lose)
Of the river's soul
