The Warning

You can take all that you want, but it will never be enough
Cut me open, pay attention, on display I'm bleeding rust

Like a machine I will complete, I will obey, I will perfect
My every move, my every word till there is nothing of me left

Can't keep hating you
It's draining
Please don't say it
"I don't care" is such an easy lie
Is such an easy lie
Tell me, are you satisfied?

Piece by piece you take
I'm stuck in atrophy
I'm trapped inside this state I fade

Like a machine I will complete, I will obey, I will perfect
My every move, my every word till there is nothing of me left

Can't keep hating you
It's draining
Please don't say it
"I don't care" is such an easy lie
Is such an easy lie

You can take all that you want but it will never be enough
Piece by piece I break away

Can't keep hating you
It's draining
Please don't say it
"I don't care" is such an easy lie

Is such an easy lie
Is such an easy lie
Such an easy lie
Tell me, are you satisfied?
