

# Fleshworld

The Wedding Present

Hey you don't come near me  
But how did you find this place?  
Just brought me misery  
I don't want to see your face  
I don't think you hear me  
How can I make this clear?  
I just said don't come near me  
You don't belong down here  
Something deep down in Fleshworld  
No I don't want to know  
No I will not drink your drink  
Go find some place to hide  
I don't care what you think  
You don't set foot inside  
See you remember this  
It must have seemed like fun  
You've had your hour of bliss  
Those things should not be done  
Something deep down in Fleshworld  
No I don't want to ...  
I will not drink your drink  
Go find some place to hide  
I don't care what you think  
You don't set foot inside  
Do you remember this?  
It must have seemed like fun  
You had your hour of bliss  
Those things should not be done  
I don't think you hear me  
How can I make this clear?  
I just said don't come near me  
You don't belong down here  
Hey you don't come near me  
But how did you find this place?  
Just brought me misery  
I don't want to see your face  
Something deep down in Fleshworld  
No I don't want to know
