

Go-Go Dancer

The Wedding Present

Here comes my go-go dancer
I called out but she wouldn't answer, oh, I don't know
She's changed ever since she met her
New friend but I won't forget her, can't let her go
I don't believe that's all she needs now
She used to have big dreams but somehow
They seem to mean less everyday
She wants to throw it all away
I love to watch you when you dance
Could you still feel that way?
Should we start a new romance?
I watched them walking home together
Even on their own she never talks much at all
I don't know what she sees in you, boy
I think your just another new toy, walk then you crawl
I love to watch you when you dance
Could you still feel that way?
Should we start a new romance?
Here comes my go-go dancer
I called out but she wouldn't answer, oh, I don't know
She's changed ever since she met her
New friend, but I won't forget her, can't let her go
I don't believe that's all she needs now
She used to have big dreams but somehow
They seem to mean less everyday
She wants to throw it all away
I love to watch you when you dance
