

## Hula Doll

### The Wedding Present

You said there's nothing that turns you on more  
Than waking up with  
Someone you've not woken up with before  
And you said that sometimes you'll try things for fun  
And you just don't care who with  
Well that is exactly what I've just done

She's just a hula doll and that is all, how does that  
demean you?  
It was just a dance, there's no romance  
I've not even spoken to her yet  
For God's sake don't make me choose between you  
Oh you're hurt but I'm just a flirt  
I've done nothing I should regret

I just kissed her  
I couldn't resist her  
I kissed her  
I couldn't resist her

I kissed her  
I couldn't resist her  
I kissed her  
I couldn't resist her
