Model, Actress, Whatever...

The Wedding Present

When I stare at you (OK, it's just a jpeg (I have a few))
But when I scrutinise your face I don't see a picture, I see a hiding place

As you lay across that chair (Is that your bedroom? Do you take photos in there?)
Did you realise just then how you'd be entrancing a million men?

You're above and beyond anyone I could meet; I'm admitting defeat
I just hope whoever you choose to ensnare deserves to be there

Because you have the most insanely beautiful eyes
And you'll devour the world, the day they recognise your awesome power

Meanwhile I'll be here, still just watching

The most insanely beautiful eyes
And you'll devour the world, the day they recognise your awesome power
