Coming Down

The Weeknd

I got somethin' to tell you But don't know how I'ma say it I guess that I can only say one thing: Girl, I been bad again Girl, I been bad again Cause with this money comes problems And with these problems come solutions And I use 'em but I'm fading I forget I forget what you mean to me Hope you know what you mean to me Pick αU Your phone The party's finished and I want you to know I'm All alone I'm feeling everything before I got up I always want you when I'm coming down (2x) Poppin' again I tried to quit again I'm always tight wit' somethin I begin That's why my niggas got me to the end So play what I take, I take what I spend baby I ain't lyin' to nobody but me And you And me But you especially Pick Up Your phone The party's finished and I want you to know I'm All alone I'm feeling everything before I got up I always want you when I'm coming down (2x) Pick up your phone I'm all alone I always want you when I'm coming down (2x) Tištěno z pisnicky-akordy.cz
