

Cry For Me

The Weeknd

Ooh, yeah
Ooh, yeah

I can feel it
Girl, pick up your phone, I can't believe it
I can feel my spirit slowly leaving
I can't see myself and I'm not breathing (Ah)
I'm not breathing (I'm not breathing)
Slowly bleeding (Bleeding)
I wish that I told you all my feelings (Feelings)
I hope that I live life for a reason (Reason)
But at least you'll play this song
When I'm gone

And I hope you cry for me like I cry for you
Every night for you, take it easy on me, baby
'Cause I tried with you, saw my life with you
End of time with you, now we're strangers
And I hope that you still cry for me like I cry for you
Every night for you, I've been living with this lie
Now I can't hide the truth, I can't hide the truth
Girl, I'll cry for you
Girl, I'll cry for you, ooh, yeah

I can't see clear
I wash my fears with whisky tears
I disappear
Don't interfere, the end is near
The crowd'll scream
I block my ears to stop the cheers
'Cause the stage took a toll
Been faded on the floor
In this penthouse prison, I'm alone

And I hope you cry for me like I cry for you
Every night for you, take it easy on me, baby
'Cause I tried with you, saw my life with you
End of time with you, now we're strangers
And I hope that you still cry for me like I cry for you
Every night for you, I've been living with this lie
Now I can't hide the truth, I can't hide the truth (Hide the truth)
Girl, I'll cry for you
Girl, I'll cry for you, ooh, yeah

Every time I hit the road, it takes a little piece of me
Kills me slowly (Slowly)
When I needed you the most, you always gave me sympathy
Now you're over me (Over me)
Now you're better on your own, it ain't a fucking mystery
You've been showing me
Now I've been burning up my home, baby
I've been burning up my home

And I hope you cry for me like I cry for you
Every night for you, take it easy on me, baby
'Cause I tried with you, saw my life with you
End of time with you, now we're strangers

And I hope that you still cry for me like I cry for you
Every night for you, I've been living with this lie
Now I can't hide the truth, I can't hide the truth
Girl, I'll cry for you
Girl, I'll cry for you, ooh, yeah
