Laisse tomber les filles  
Laisse tomber les filles  
Un jour c'est toi qu'on laissera  
Laisse tomber les filles  
Laisse tomber les filles  
Un jour c'est toi qu'on laissera

Oui j'ai pleuré mais ce jour là  
Non, je ne pleurerai pas  
Non, je ne pleurerai pas  
Oui j'ai pleuré mais ce jour là  
Je ne pleurerai pas  
Je ne pleurerai pas

I guess you had no idea that you could have persuaded me  
Girl, you could have had me doing anything you pleased  
Girl, you should have took your time and thought of what to say to me  
'Cuz I'm not as hard as I make it seem to be

It could have went so many ways  
So many ways it can go  
'Cuz ain't nobody feels the way that I feel when I'm alone  
So if I said that I won't call  
The lying comes natural to me  
You probably could have had it all  
You could have been that lonely star  
If we just went on  
If we just went on  
If we just went on  
If we just went on

Happiness exists when you don't know a thing  
So I hope you don't think this song is about you  
And only I can know how close you came  
Baby I'm a pro at letting go  
I love when they come and go

It could have went so many ways  
So many ways it can go  
'Cuz ain't nobody feels the way that I feel when I'm alone  
So if I said that I won't call  
The lying comes natural to me  
You probably could have had it all  
You could have been that lonely star  
If we just went on  
If we just went on  
If we just went on  
If we just went on

Laisse tomber les filles  
Laisse tomber les filles  
Un jour c'est toi qu'on laissera  
Laisse tomber les filles  
Laisse tomber les filles  
Un jour c'est toi qu'on laissera

Oui j'ai pleuré mais ce jour là

Non, je ne pleurerai pas  
Non, je ne pleurerai pas  
Oui j'ai pleuré mais ce jour là  
Je ne pleurerai pas  
Je ne pleurerai pas
