

## Opening Night

The Weeknd

Tell me how our love grows  
When you're tryna dig for lies  
You're just being emotional, mm  
When I'm being logical at times  
Hate when you're irrational  
When I see you chronically online  
Why bring this up right now?  
You know it's my opening night  
Circulation gone, shaking on the floor  
Steroids in my lungs, fighting off the mud  
Give me what I want, then we'll start the show  
I'm fixing (I'm fixing)  
I'm fixing (I'm fixing)  
Oh
