Yeah, yeah The last few months, I've been workin' on me, baby There's so much trauma in my life I've been so cold to the ones who loved me, baby I look back now and I realize And I remember when I held you You begged me with your drowning eyes to stay And I regret I didn't tell you Now I can't keep you from loving him You made up your mind Say I love you, girl, but I'm out of time Say I'm there for you, but I'm out of time Say that I'll care for you, but I'm out of time Said I'm too late to make you mine, out of time (Ah) If he mess up just a little Baby, you know my line If you don't trust him a little Then come right back, girl, come right back Give me one chance, just a little Baby, I'll treat you right And I'll love you like I shoulda loved you all the time And I remember when I held you (Held you, baby) You begged me with your drowning eyes to stay (Never again, baby) And I regret I didn't tell you (Hey) Now I can't keep you from loving him You made up your mind (Uh) Say I love you, girl, but I'm out of time Say I'm there for you, but I'm out of time Say that I'll care for you, but I'm out of time Said I'm too late to make you mine, out of time (Ah) Ooh, singin', out of time Said I had you to myself, but I'm out of time Say that I'll care for you, but I'm out of time But I'm too late to make you mine, out of time Out of time Out of time [Spoken Outro: Jim Carrey] Don't you dare touch that dial Because like the song says, you are out of time You're almost there, but don't panic There's still more music to come Before you're completely engulfed in the blissful embrace of that little lig ht you see in the distance Soon you'll be healed, forgiven, and refreshed Free from all trauma, pain, guilt, and shame You may even forget your own name But before you dwell in that house forever Here's thirty minutes of easy listening to some slow tracks
