

# Poison

The Weeknd

How can I explain myself to you?  
Questions keep lurking through my mind  
Is it the lover for the time?  
I've given my heart, my joy, my soul to you  
If it is real, I sure can't see  
Gotta start lookin' out for me  
And in my, my heart won't take no more  
I know it seems that I don't care  
Sometimes my ways of love ain't fair  
I feel it's time for me to take a stand  
See, you have given me no choice  
I feel I must exercise my voice and say

This feeling, there's no drug that can compare  
You're so cold, I can see your breath, I swear  
They told me not to fall in love  
Wondering where it all went wrong  
You were my poison all along

At night, I lay awake in tears and pain (Tears and pain)  
Searching my heart for what went wrong (Hey)  
Askin' myself "What's goin' on?"  
Why cannot we seem to see things eye to eye? (Eye to eye)  
Sometimes I really feel the danger (Hey)  
And now I'm sleeping with a stranger  
To see all these years, we flushed 'em down the drain (Down the drain)  
Is that a love that came for us?  
Now, it's too late for both of us  
No regrets of what we've lost and what we've shared  
Maybe tomorrow we'll love again (Yeah)  
Or until then we'll stay as friends, oh (Hey), one day

This feeling, there's no drug that can compare  
You're so cold, I can see your breath, I swear  
They told me not to fall in love  
Wondering where it all went wrong  
You were my poison all along

Yeah  
Poison all long, ooh-yeah  
Oh-oh-oooh  
Baby girl, poison all along
