

## Keep It There

The Weepies

Got three dollars burnin' in my pocket, I know, I know  
Got three dollars burnin' in my pocket, I know, I know  
I got, I got, I got to keep it there

I got an old ghost locked in my closet, I know, I know  
I got an old ghost locked in my closet, I know, I know  
I got, I got, I got to keep it there

I came down on a bottle rocket  
Found my heart right where I locked it  
Last night like rain on chalk  
It's gone like money in my pocket

See those stars shinin' in your eyes, I know, I know  
See those stars shinin' in your eyes, I know, I know  
I got, I got, I got to keep them there

I came down on a bottle rocket  
Found my heart right where I locked it  
Last night like rain on chalk  
It's gone like money in my pocket

All my troubles in the rear view mirror, I know, I know  
All my troubles in the rear view mirror, I know, I know  
I got, I got, I got to keep them there  
To keep them there  
To keep them there  
To keep them there
